TARIFF SYMBOLS

A. SYMBOLS USED IN THIS TARIFF

<u>Symbol</u>	<u>Explanation</u>
(C)	Signifies a changed regulation.
(D)	Signifies a discontinued rate, treatment, or regulation.
(I)	Signifies an increased rate or new treatment resulting in an increased rate.
(N)	Signifies a new rate, treatment, or regulation.
(R)	Signifies a reduced rate or new treatment resulting in a reduced rate.
(T)	Signifies a change in text but no change in rate, treatment, or regulation.
/#/	When found in the outer margin of the tariff sheet, signifies material moved from or to another section of the tariff with no change, unless there is another tariff change symbol present.

This symbol is used as a footnote reference, where the # represents numeric characters corresponding to the same symbol in the footnote explanation.

LIFELINE SERVICE

LIFELINE SERVICE

A. DESCRIPTION

1. Lifeline Service is a residence service offering that provides a discounted monthly rate to customers who qualify for low income assistance programs as defined in s. PSC 160.02(8), Wis Adm. Code.
2. Lifeline Service provides a monthly discount to eligible residence customers that have a network access line (including Extended Area Service), touch-tone service, 911 Service (billed on the customer's telephone bill), and the End User Common Line Charge (EUCL), or through another qualifying service type. If the customer has measured service, 120 local calls are provided. Extended Community Calling (ECC) Service is not included in Lifeline Service.
3. Lifeline Service monthly rates for residence customers are established according to s. PSC 160.062(1), (2) and (3), Wis Adm. Code.

(T)

B. REGULATIONS

1. Lifeline Service is only available for residence customers with a single line network access line, or other qualifying service type, in the same household from a single provider.
2. Lifeline Service is not available to customers who are dependents for federal income tax purposes as defined in 26 USC 152 (1986, unless the customer is more than 60 years old, or in accordance with rules established by the FCC.
3. Lifeline Service customers must complete and remit any required query authorization forms requested by the Cooperative or forfeit eligibility for Lifeline Service.
4. Eligibility for Lifeline Service must be verified by the Cooperative by finding the Social Security Number and name of the listed customer in active records of the Department of Workforce Development or the Wisconsin Department of Revenue.

LIFELINE SERVICE

LIFELINE SERVICE (Cont'd)

B REGULATIONS (Cont'd)

5. Reconfirmation of Eligibility for Lifeline Service

- a. Reconfirmation of eligibility for Lifeline Service will be done at least once each year, and in accordance with rules established by the FCC.
 - b. If a customer cannot reconfirm eligibility for Lifeline Service, eligibility will continue until the next bill date following failure to meet the eligibility requirements.
 - c. When the Low Income Household Energy Assistance Program is one of the customer's qualifying low income assistance programs, the eligibility for Lifeline Service shall continue until the bill date in the next December following the close of the heating season. At that time, if eligibility cannot be re-verified by the Cooperative, Lifeline Service will be removed from the customer's bill.
 - d. When the Wisconsin Homestead Tax Credit is one of the customer's qualifying low income assistance programs, the eligibility for Lifeline Service shall continue until the bill date in the next June following the end of the tax year. At that time, if eligibility cannot be re-verified by the Cooperative, Lifeline Service will be removed from the customer's bill.
 - e. Eligibility confirmation through receipt of the Wisconsin Homestead Tax Credit will not become effective until the date set by the Commission upon its acknowledgment that an acceptable data base query process is in place.
6. Lifeline Service will appear as a credit or rate reduction on the customer's bill on the next bill date following the date the customer applied for Lifeline Service. When the customer's eligibility precedes the previous bill, credit will also be given on one month's prior bill.
 7. A Lifeline Service customer cannot be disconnected for the non-payment of toll charges.
 8. If Call Blocking Service is available and the customer has elected Call Blocking Service, a Service Deposit cannot be collected to establish Lifeline Service. If Call Blocking Service is not available, the Cooperative may require a Service Deposit to establish Lifeline Service.

LIFELINE SERVICE

LIFELINE SERVICE (Cont'd)

C. RATES

The applicable monthly rate for Lifeline Service is determined by the sum of the rates for the services specified in 1. following and applying a credit based on the sum of the credits as specified in 2. following.

1. Lifeline Service

Residence Network Access Line (including EAS) at the rate specified elsewhere in this tariff.

Residence Network Access Line (including EAS) at the rate specified elsewhere in this tariff, or other qualifying service specified under rules established by the FCC.

(T)

911 Service (if billed on the Customer's telephone number) at the rate specified elsewhere in this tariff.

End User Common Line (EUCL) Charge.

2. Lifeline Service Credits

End User Common Line Charge (EUCL) as specified in the NECA Tariff.

Federal Lifeline support credit as specified by the Federal Communications Commission (FCC) for Universal Service Support for Low-Income Consumers.

3. Lifeline Service monthly credit.

The Lifeline Service monthly credit is calculated and applied consistent with Wis. Admin. Code PSC 160.062

LOCAL MEASURED SERVICE (LMS) EXCHANGE SERVICE

A. DESCRIPTION

1. Local Measured Service (LMS) is a low-cost local measured service option for customers who rely on a different primary provider for their voice telecommunications service needs, and desire a low-cost access line from the Cooperative for secondary or back-up use.
2. Local Measured Service is an optional alternative class of service, comprised of a local access line, and one free local (or EAS) call per month. Additional local and EAS calls charged on a per call basis.
3. Access to Emergency services (911), ECC, Operator, and toll services are included with this service.
4. Long distance calling access is included through the subscriber's choice of Presubscribed Interexchange Carrier or through 10-XXX dialing patterns.
5. The customer choosing this optional and experimental class of service shall be informed that an unlimited local calling is available at a higher monthly rate from the Cooperative.

LOCAL MEASURED SERVICE (LMS) EXCHANGE SERVICE

B. TERMS AND CONDITIONS

1. LMS will be provisioned where Cooperative facilities are available, on residential and business single line accounts.
2. LMS may not be combined with any other class of service on a single account.
3. Itemized billing of local calls is not available on LMS.
4. LMS is an experimental class of service. If LMS is withdrawn from availability, subscribers will be notified and given three months to choose another class of residential service offered by the Cooperative. The subscriber will not be assessed a service cancelation charge, or non-recurring charges for the change, in this instance.
5. Non-recurring charges are waived if a subscriber upgrades to, and remains on, a different class of local service for a period of at least three months.
6. LMS requires the use DTMF-capable (tone generating) telephone instruments

SERVICE CHARGES**I. GENERAL****A. Establishment or Modification of Service**

A service charge, consisting of one or more of the charges defined in this section, is applicable for the establishment of new service or the move or change of existing service undertaken at the customer's request.

Service charges are in addition to all other applicable rates and charges associated with the service being provided.

B. Completion of Work

The charges in this section contemplate the work being completed during regular working hours, e.g. Monday through Friday 8:00 a.m. to 4:30 p.m. except on holidays. If the customer requests that work be performed outside of regular working hours or on a holiday, or interrupts work once begun, an additional charge based on the additional costs involved will apply.

(C)

II. DEFINITIONS**A. Change**

A change is the substitution of a different type of telephone service, a rearrangement of service or wiring, or the addition of features or services that does not involve a change in the location of service.

B. Move

A move is the transfer of service from one location to another in the same premises where there is no interruption of service other than is incident to the work involved.

Discontinuation of telephone service in one location and the reconnection in another is not considered as a move but is a new connection and is subject to service charges and/or installation charges and/or termination, as applicable.

SERVICE CHARGES (Continued)

II. DEFINITIONS (Continued)

C. Standard Network Interface

The Standard Network Interface (SNI), e.g. Cooperative provided jack, or equivalent, located on the customer's premises in close proximity to and on the customer's side of the protector or other termination point. All customer provided wiring and terminal equipment must be connected to the telecommunications network through a SNI.

III. SERVICE CHARGES AND APPLICATION

A. Initial, Subsequent, or Record Change

Service ordering charges are classified as initial, subsequent, or record change. The charges are applicable for the work done in receiving, processing and recording the information necessary to execute customer requests. The initial service order charge applies for new service connections, subsequent service order charge applies for a move, change, or addition to existing service, and a record change order charge applies to requests requiring changes in the Cooperative's records.

B. Single Service Order

A single service order will be issued for all work or service ordered to be performed or provided at the same time on the same premises for the same customer. Service order charges will apply separately where business and residence service are located on the same premises.

C. Central Office Charge

A central office charge applies when a customer's request requires work in the central office to change existing service or to connect new service.

SERVICE CHARGES (Continued)**III. SERVICE CHARGES AND APPLICATION (Continued)****D. Line Connection Charge**

The line connection charge is applicable when a customer's request requires work to be done on the circuit between the serving central office up to and including the protector or Standard Network Interface on the customer's premises. It includes, but is not limited to, cable cross connections, line transfers, connecting to a terminal or building terminal, or moving the drop wire or protector block.

E. Standard Network Interface Charge

For single-line residence and single-line business basic exchange service, Standard Network Interface (SNI) charge applies for each modular jack installed at the request of the customer except under the following conditions:

- A. New service installations
- B. Service or Repair Call

Any service or repair call to a customer's premise.

SERVICE CHARGES**SERVICE CONNECTION CHARGES (Continued)****F. PREMISES VISIT CHARGE****(T)**

1. A Premises Visit Charge is applicable for each customer request when a premises visit is required for installations, moves, rearrangements and changes of the Telephone Cooperative's network facility(s) on the customer's premises. The Premises Visit Charge is also applicable when an existing residence customer requests that the Company make a special trip to their premises to install a Standard Network Interface (SNI) that is not covered in G above.
2. When more than one premises visit is necessary, for Company reasons, to complete the work, only one Premises Visit Charge is applicable.

SERVICE CHARGES (Continued)

III. SERVICE CHARGES AND APPLICATION (Continued)

G. Standard Network Interface Charge (Continued)

C. Customers Without a SNI

When customers without a SNI are experiencing service problems with inside wiring, a SNI will be installed on a repair call and thereafter the provisions of the Maintenance of Service Charge will apply.

D. Possible Additional Charges

When the customer requires or requests a SNI other than the standard modular single-line jack, additional charges, based on the additional costs incurred, will apply.

H. Premises Visit Charge

1. Premises Visit Charge

The premises visit charge is applicable whenever a Cooperative employee is sent to the customer's premises to connect, move or change the SNI or wiring semi-public service or tariffed handicapped equipment at the request of the customer.

2. No Premises Visit Charge

No premises visit charge applies for subsequent visits required to complete an order to which the charge has been previously applied except when the visit is required as a result of customer interruption or customer request.

3. Single Premise Visit Charge

A single premise visit charge will apply for all work to be completed at the same time at the same premise.

III. SERVICE CHARGES AND APPLICATION (Continued)

1. Service Charges Do Not Apply To:

1. Installations, moves or changes of public telephones.
2. Service re-established after destruction of the customer's premises by Act of God or a public enemy, whether at the same or another location. Regular Service Charges apply, however, to service re-establishment in the old location after termination of service or subsequent to its establishment at another location under the above circumstances.
3. Changes required for the proper maintenance of the equipment or service.
4. Inside moves or changes required for the proper maintenance of the equipment or service.
5. Inside moves or changes made at the initiative of the Cooperative for service reasons.
6. Service Connection Charges, including Federal and State taxes, are not applicable for providing a second exchange line when the second exchange line is requested by hearing-impaired Customers to use Two Line Voice Carryover as defined in the Wis. Admin. Code PSC 160.02 (12).

SERVICE CHARGES (Continued)**IV. CHARGES (Continued)**

Normal working hours are between 8:00 a.m. and 4:30 p.m., Monday through Friday. Increased charges are applicable when the customer specifically requests work be completed outside of the normal working hours. The after hours charges are applicable from 4:30 p.m. to 8:00 a.m. on those days and on Saturday. Increased charges are applicable on Sundays and days on which the Cooperative business offices are closed in observance of a holiday.

V. RESTORAL OF SERVICE CHARGE

When the service of a customer has been temporarily denied in accordance with the regulations set forth in Section 4 of this tariff, but the contract has not been terminated or the order to remove the service has not been issued and completed, such service will be restored upon the payment of the restoral charge. Subsequent to the completion of a discontinuance order, service will be re-established only upon the basis of a new service application.

Restoral of Service Charge \$20.00

DEFINITION OF TERMS

Access Line

This denotes the line between the serving central office and the customer premises used to receive or place local or inter and intrastate calls.

Authorized User

A person, firm or corporation (other than the customer) on whose premises a telephone, Communications System, or private line service or channel is located and who may communicate over such channels in accordance with the terms of the tariff.

Authorized Protective Connecting Module

A protective unit approved by the Cooperative which is manufactured in accordance with the design set forth in part 68 of the Federal Communication Commission's Rules and Regulations.

Base Rate Area

That portion of the Exchange Area surrounding and including the central office (or offices) within which urban classes of local exchange telephone service are offered at rates that do not vary with the distance from the central office or Exchange Rate center.

Building

A building or buildings in which there is free access between all parts of the structure by means of doors, open archways, elevators, stairways or continuous corridors. Heating tunnels or passageways under or over a thoroughfare or other open space do not make two separate buildings the same building.

Business Service

Telephone service furnished to customers where the actual or obvious use is principally or substantially of a business, professional, or occupational nature and/or where a business listing is furnished.

DEFINITION OF TERMS (Continued)

Call

An attempted communication, whether completed or not.

Central Office

A switching unit, in a telephone system which provides service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting subscriber lines and trunks or trunks only. There may be more than one central office in a building or more than one central office in an exchange.

Channel or Circuit

A path for communication between two or more stations or Telephone Cooperative offices, furnished in such a manner, as the Telephone Cooperative may elect, whether by wire, radio, or a combination thereof and whether or not by a single physical facility or route.

Class of Service

The various categories of service generally available to the customer, such as business or residential.

Commission

The Public Service Commission of Wisconsin.

Communications Systems

The term "Communications Systems" denotes channels or other facilities and equipment which are capable, when not connected to telecommunications service, of communications between customer-provided terminal equipment or Telephone Cooperative stations.

Cooperative

Cooperative is synonymous with Marquette-Adams Telephone Cooperative, Inc..

DEFINITION OF TERMS (Continued)

Conduit

A tubular runway for cable facilities.

Connecting Cooperative

A corporation, association, partnership or individual owning or operating one or more exchanges and with whom traffic is interchanged.

Construction Charge

A separate initial charge made for construction of pole lines, circuits, facilities, etc., in excess of that contemplated under the rates quoted in the local exchange tariff.

Continuous Property

The term "Continuous Property" means a continuous plot of ground, including any buildings thereon, which is used exclusively by the customer (or by an authorized user of the customer's service) and which is not separated by property occupied by others or by a public thoroughfare.

Contract

The service agreement between a customer and the Cooperative under which service and facilities for communication between specified locations for designated periods and for the use of the customer and the authorized users specifically named are furnished in accordance with the provisions of this tariff.

Customer or Subscriber

Any person, firm, partnership, corporation, municipality, cooperative, organization, governmental agency, etc., provided with telephone service by any telephone utility. Said customer or subscriber is responsible for the payment of charges and compliance with the regulations of the Telephone Cooperative.

DEFINITION OF TERMS (Continued)

Customer-Provided Terminal Equipment

The term "Customer-Provided Terminal Equipment" denotes devices or apparatus and their associated wiring, provided by a customer, which do not constitute a communications system and which, when connected to the communications path of the telecommunications system are so connected either electrically, acoustically or inductively.

Demarcation Point

The point of interconnection between Telephone Cooperative communications facilities and the terminal equipment, protective apparatus or wiring at a subscriber's premises. The Demarcation Point is located on the customer's side of the Telephone Cooperative's protector or equivalent, where a protector is not used, and consists of a modular jack or equivalent.

Determination of Serving Area

A customer located on the opposite side of the thoroughfare from the facilities is considered to be within the area, if he can be served by a drop wire using not more than one additional pole or pedestal.

A customer located on the same side of the thoroughfare as the facilities is considered to be within the area, if he can be served by a drop wire not requiring any additional poles or pedestal.

In no case will a location beyond one-hundred-fifty (150) feet from the boundary be considered as within the respective Base Rate Area or Exchange Area.

Direct Electrical Connection

The term "Direct Electrical Connection" denotes a physical connection of the electrical conductors in the communications path.

Directory Listing

The publication of the Cooperative's directory and/or directory assistance records, of information relative to a customer's telephone number, by which telephone users are enabled to ascertain the call number of a desired station.

DEFINITION OF TERMS (Continued)

Exchange

A unit established by a telephone utility for the administration of telephone service in a specified area which usually embraces a city, town, or village and its environs. It consists of one or more central office, together with associated plant, used in furnishing communication service in that area.

Exchange Area

The territory served by an exchange, as outlined by an exchange area boundary map.

Exchange Service

The service of furnishing facilities for telephone communication within a local service area, in accordance with the regulations and charges specified in the Local Exchange and General Exchange Tariffs.

Extended Area Service

Interexchange telephone service furnished at a flat or message rate between one or more exchange areas.

Extended Community Calling (ECC) Service

Interexchange local telephone service furnished at a per minute rate within the ECC Area.

Facilities

All the plant and equipment of the Cooperative and all instrumentalities owned, licensed, used, controlled, furnished, or supplied for or by the Cooperative, including construction work in progress allowed by the Commission.

Flat Rate Service

Service in connection with which a stipulated monthly charge is made.

DEFINITION OF TERMS (Continued)

Foreign Exchange Service

Exchange Service furnished under tariff provisions by means of a circuit connecting a customer's premises with a central office of an exchange other than that which regularly serves the exchange area in which the customer is located.

Grade of Service

The type of service furnished a customer with respect to the number of parties served on an access line. (1-party, 2-party, 4-party and multi-party)

Interexchange Channel Mileage

The shortest air line measurement between two or more exchanges.

Interexchange Private Line

A communications path between two or more exchanges, and not connected for exchange telephone service.

Interface

The junction or point of interconnection between two systems or equipments having different characteristics which may differ with respect to voltage, frequency, speed of operation, type of signal and/or type of information coding including the connection of other than Cooperative-provided facilities to exchange facilities provided by the Cooperative.

The point of interconnection between company equipment and communications facilities on the premises of the customer. Also referred to as Demarcation Point.

Interface Equipment

Equipment provided by the Cooperative at the interface location to accomplish the direct connection of facilities provided by the Cooperative with facilities provided by other than the Cooperative.

DEFINITION OF TERMS (Continued)

Joint User Service

Joint user service is an arrangement whereby a person or firm, whose telephone needs are not such as to justify the provision of separate telephone service, is permitted to use the service of an existing customer.

Local Message

A communication between two exchange access lines within the local service area of the calling telephone.

Local Service

Telephone service furnished between customer's stations located within the same local service area.

Local Service Area

The Local Service Area for an Exchange consists of the basic exchange area, the Extended Area Service area, and the Extended Community Calling Service Area defined for the exchange.

Message Rate Service

Customer exchange service in connection with which a monthly charge is made based on the number of messages or message units to telephones within the local or extended calling area.

Message Unit

The unit of measurement for charging for local message use. A local message, unless furnished as an unlimited local message, may carry a charge of one or more local message units, depending upon destination, length of conversation and time of day.

Minimum Contract Period

The minimum length of time for which a customer is obliged to pay for service, facilities and equipment, whether or not retained by the customer for such minimum length of time.

DEFINITION OF TERMS (Continued)

Network Control Signaling

The term "Network Control Signaling" denotes the transmission of signals used in the telecommunications system, which perform functions such as supervision (control, status, and charging signals), address signaling (e.g., dialing), calling and called number identification, audible tone signals (call progress signals indicating re-order or busy conditions, alerting, coin denominations, coin collect and coin return tones) to control the operation of switching machines in the telecommunications system.

Network Control Signaling Unit

The term "Network Control Signaling Unit" denotes terminal equipment furnished, installed, and maintained by the Telephone Cooperative for the provision of network control signaling.

Nonrecurring Charge

A one-time charge associated with certain installations, changes or transfers of services, either in lieu of or in addition to recurring monthly charges.

Non-Selective Access Line

A Non-Selective Access Line is a central office line that provides communications between the serving central office and the switching equipment installed on the customer's premises and is arranged in such a manner that the station user has no control over which access line is connected to the station or other equipment for incoming or outgoing calls.

If a system has the capability of being programmed for both Selective or Non-Selective access over the same groups of access lines, the Non-Selective Access Line rate applies, unless it can be confirmed that the system will be used exclusively for Selective Access.

Outside Plant

The telephone equipment and facilities installed on, along, over, or under streets, alleys, highways, or on private right-of-ways between the central office and customer locations or between central offices.

DEFINITION OF TERMS (Continued)

Pay Telephone

The term "Pay Telephone" denotes Telephone Cooperative provided instruments and related facilities that are available to the general public for public convenience and necessity, including public and semi-public telephones, inmate, and coinless (non-coin) telephones.

Premises

The space occupied by a customer in a single building or a group of buildings on continuous property of the customer.

Private Branch Exchange (PBX)

An arrangement of equipment situated on a customer's premises, consisting of a switching apparatus with an attendant's telephone, telephones connected with the switchboard, and trunks connecting it with a central office. The PBX provides for intercommunications between these telephones for communication with the general exchange network and for long distance message telecommunications service.

Private Line Service

The channels furnished to a customer for communication between specified locations.

Public Telephone

An exchange access line with instrument installed at the Cooperative's initiative, or at the Cooperative's option, at a location chosen or accepted as suitable and necessary for furnishing service to the general public.

Regrade

An application for a different, usually better, grade of service.

Residence Service

Telephone service furnished to customers where the primary use is the social or domestic nature and where the business use, if any, is merely incidental.

DEFINITION OF TERMS (Continued)

Same Building

The term "Same Building" means a structure built as a unit. Abutting buildings are treated as the "Same Building" when there is free internal access between the buildings.

Same Customer

In order for different services to be considered as furnished to the "Same Customer", such services must be billed in the same name.

Semi-Public Telephone Service

An exchange access line equipped with an instrument designed for a combination of customer and public usage that is furnished for locations that are more or less public in character and not, in the opinion of the Cooperative, generally accessible nor suitable for the installation of public telephones. Semi-public telephone service is considered as a form of customer service.

Service Charges

Service charges are non-recurring charges applicable to service connection, move or change.

Standard Network Interface (SNI)

The SNI (standard registration program jack, or equivalent) provided by the Telephone Cooperative as a part of exchange or interexchange access service. The SNI will be located at the subscriber's premise. All premise service will connect to the telecommunications network through the SNI.

Tariff

The rates, charges, rules and regulations adopted and filed by the Telephone Cooperative and approved by the Public Service Commission, applicable to the customers of the Cooperative for services furnished.

PUBLIC SERVICE COMMISSION OF WISCONSIN
TELEPHONE RATE FILEMARQUETTE-ADAMS TELEPHONE COOPERATIVE, INC.

Name of Utility

Exchange ALLSection No. 3Sheet No. 11Amendment No. 1

DEFINITION OF TERMS (Continued)

Telephone

An instrument, consisting of a transmitter, receiver, and associated apparatus, so connected as to permit the transmitting and receiving of telephone messages.

Telephone Utility

Any person, firm, partnership, cooperative organization, or corporation engaged in the furnishing of telephone service to the public under the jurisdiction of the Commission.

Terminal Device

Any device capable of receiving and/or terminating a call.

Termination Charge

A charge applied under certain conditions, when a contract for service is terminated by the consumer before the expiration of the minimum contract period.

Toll Message

A communication from a calling station to a station located in a different local service area for which a long distance usage charge applies.

Toll Service

Telephone service between exchanges or locations for which a toll rate is charged.

Zoning

Zoning involves the establishment of bands or relatively concentric areas throughout an exchange, and the offering of only graded service to the customers at specified rates within these particular zones.

RULES AND REGULATIONS

1. GENERAL

The following general regulations are in addition to the regulations contained in other sections of this Tariff.

2. LIABILITY OF THE TELEPHONE COOPERATIVE

- A. In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the Telephone Cooperative, and of the other uses for which facilities may be furnished him by the Telephone Cooperative, and because of the unavoidability of errors incident to the services and to the use of such facilities of the Telephone Cooperative, the services and facilities furnished by the Telephone Cooperative are subject to the terms, conditions, and limitations, specified in B., C., D., E., and F. following.
- B. The liability of the Telephone Cooperative for damages arising out of mistakes, omissions, interruptions, delays, or errors or defects in transmission occurring in the course of furnishing service or facilities and not caused by the negligence of the customer shall, in no event, exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay or error or defect in transmission occurs.
- C. The customer indemnifies and saves the Telephone Cooperative harmless against claims for libel, slander, or infringement of copyright from the material transmitted over its facilities; against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Telephone Cooperative, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with facilities provided by the Telephone Cooperative.

RULES AND REGULATIONS (Continued)

2. LIABILITY OF THE TELEPHONE COOPERATIVE (Continued)

- D. The Telephone Cooperative's liability arising from errors in or omissions of directory listings shall be limited to resulting impairment of the customer's service, and the Telephone Cooperative may discharge such liability by an abatement or refund of an amount not exceeding the charge for the service, excluding additional message charges, during the period covered by the directory in which the error or omission occurs.
- E. When the lines of other telephone companies are used in establishing connections to points not reached by Telephone Cooperative's lines, the latter company is not liable for any act or omission of the other company or companies.
- F. The Telephone Cooperative is not liable for any defacement or damage to the customer's premises resulting from the existence of the Telephone Cooperative's apparatus and associated wiring on such premises, or from the installation or removal thereof, when such defacement or damage is not the result of the negligence of the Telephone Cooperative.

3. ALLOWANCE FOR INTERRUPTION

The Telephone Cooperative will, in the event the customer's exchange service is interrupted, make a subsequent appropriate billing adjustment subject to the following conditions:

- A. Credit for interruption is not allowed where the outage is caused by a willful act, or due to negligence of the customer or the failure of facilities provided by the customer.
- B. Credit will be allowed from the time notification is received from the customer or from the time of discovery by the Telephone Cooperative, whichever is earlier, when each interruption comprises at least 24 consecutive hours of outage.
- C. A major fraction of the last additional day, consecutive with a period consisting of 24 hours of outage, is considered a full day.

PUBLIC SERVICE COMMISSION OF WISCONSIN
TELEPHONE RATE FILEMARQUETTE-ADAMS TELEPHONE COOPERATIVE, INC.

Name of Utility

Exchange ALL
Section No. 4
Sheet No. 3
Amendment No. 05

RULES AND REGULATIONS (Continued)

3. ALLOWANCE FOR INTERRUPTION (Continued)

- D. Credit for interruption is based upon the number of consecutive days of each outage.
- E. For the purpose of determining the allowance for interruption, each month is considered to have 30 days. The refund to the customer shall be the prorated part of the month's charges for the period of days that the portion of the service is rendered useless or inoperative.

4. USE

A. Access to Cooperative-Owned Facilities on Customer's Premises.

Telephone Cooperative agents and employees shall enjoy reasonable access to company facilities on customer premises for the purpose of inspecting, repairing or, upon termination of service, removing company-owned facilities. These facilities, usually comprising, but not limited to, the drop line, protector, wire termination or Network Interface Device, are the property of the Telephone Cooperative, which shall do all work of installing, moving and maintaining these facilities.

Except as otherwise provided in this Tariff, such equipment and lines are not to be used for performing any part of the work of transmitting, delivering or collecting any message where any toll or consideration has been or is to be paid any party other than the Telephone Cooperative, without written consent of the Telephone Cooperative. However, customers who furnish telephone service to guests or patients, may recover billed charges of the Telephone Cooperative for local and toll messages placed by guests or patients. Also, any federal, state, or local governmental entity (including counties, cities, towns, and villages) may authorize any other governmental entity to use its telecommunications service and may recover for such use a portion of the charges billed by the Telephone Cooperative to it for such service.

RULES AND REGULATIONS (Continued)

4. USE (Continued)

B. Use of Customer Service

The customer subscribing to telephone service is responsible for its use and for the payment of all charges in connection therewith, and shall exercise such control, as may be necessary to insure that it is not improperly used. If the use of service interferes unreasonably with the service of other customers, a customer may be required to take service in sufficient quantity or of a different class or grade.

The use of customer service, as distinguished from public or semi-public service, is limited as follows:

1. Customer service (residence) is furnished only for use by the customer, his family, persons residing in the customer's household, or guests of the customer, except as the use of the service may be extended to persons temporarily sub-leasing a customer's residential premises.
2. Customer service (business) is furnished only for use by the customer, his employees, representatives, patients or guests except as provided in 4.A. preceding and as the use may be extended to joint users in accordance with the "Joint User" portion of this Tariff.

The Telephone Cooperative may decline to install customer service, or to permit such service to remain, on premises of a public or semi-public character where the instrument is so located that the public in general or the patrons of the customer may make use of the service.

C. Cancellation for Cause

1. Abuse or Fraudulent Use

The Telephone Cooperative may upon five day's written notice to the customer, without incurring any liability, forthwith deny or disconnect service because of abuse or fraudulent use of service. In case of emergency where the public interest requires immediate action or pursuant to governmental requirements, service may be disconnected without notice. Abuse or fraudulent use of service includes, without specific limitation, the following:

- a. The use of services or facilities of the Telephone Cooperative to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for services;
- b. the obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, telephone service, by rearranging, tampering with, or making connection with any facilities of the Telephone Cooperative, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charge for each such service;
- c. the use of service or facilities of the Telephone Cooperative for a call or calls, anonymous, or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another;
- d. the use of profane or obscene language;
- e. the use of the service in such a manner as to interfere unreasonable with the use of the service by one or more other customers; and

C. Cancellation for Cause (Continued)

1. Abuse or Fraudulent Use (Continued)

f. the impersonation of another with fraudulent intent.

2. Use of Service for Unlawful Purposes

Service is furnished with the understanding that it will be used only for lawful purposes. The Telephone Cooperative will disconnect or deny service if it has knowledge that the service is being or will be used for unlawful purposes. Service will not be furnished if any law enforcement agency, acting within its jurisdiction, advises that such service is being used or will be used in violation of law, and requests that such service be disconnected or denied.

3. Non-Payment

The Telephone Cooperative may, upon at least five days' written notice to the customer, disconnect service for non-payment of exchange and toll service charges billed and unpaid for a period of 90 days or less but not for older delinquencies, provided the total amount owed for service used exceeds one month's local service charges.

In the event of a dispute, the Telephone Cooperative will follow the dispute procedures in § PSC 165.0535, Wis. Adm. Code. Service will not be disconnected for any amount under dispute.

The Telephone Cooperative may disconnect or refuse service for any of the following reasons:

- a. Failure to pay a delinquent account or to comply with the terms of a Deferred Payment Agreement.
- b. Failure to comply with deposit or guarantee arrangements.

4. USE (Continued)

C. Cancellation for Cause (Continued)

3. Non-Payment (Continued)

- c. Where subsequent credit information indicates that the initial application for service was false or incomplete to the extent that a deposit or guarantee would be required or service refused under the applicable regulations or this tariff or the PSCW Standards for Telephone Service.

The Telephone Cooperative will not attempt to collect by threat of disconnection or refusal of service for any of the following reasons:

- a. Delinquency in payments for service by a previous occupant of the premises to be served other than a member of the same household residing at the same premises;
- b. delinquency in payment for another class of telephone service;
- c. failure to pay another customer's bill as guarantor thereof;
- d. failure to pay for directory advertising or charges for non-utility service billed by the utility.

5. BILLING AND PAYMENT ARRANGEMENTS

A. Customer Billing

Bills to customers will be rendered regularly and will contain a clear listing of charges. The Telephone Cooperative will comply with reasonable customer requests for itemized statements of charges.

The Telephone Cooperative will not bill the customer for delinquency in payments by a previous occupant of the premises other than a member of the same household residing at the same premise.

PUBLIC SERVICE COMMISSION OF WISCONSIN

Name of Utility

Exchange ALL
Section No. 4
Sheet No. 8
Amendment No. 00

RULES AND REGULATIONS (Continued)

5. BILLING AND PAYMENT ARRANGEMENTS (Continued)

B. Payment for Service

The customer is responsible for payment of all charges for facilities and services furnished the customer, including charges for services originated, or charges accepted, at such facilities, by the customer or any other person. All recurring monthly charges are billed in advance.

All bills are due when rendered and are payable at a business office of the Telephone Cooperative. If objection is not received by the Telephone Cooperative within thirty days after the bill is rendered, the items and charges appearing thereon shall be deemed correct and binding upon the customer.

The Telephone Cooperative will not refuse establishment or reestablishment of service if satisfactory arrangements are made for payment of bills for future service.

C. Advance Payments

Applicants for service who have no account with the Telephone Cooperative or whose financial responsibility is not a matter of general knowledge, may be required to make an advance payment, in lieu of a deposit, at the time of application equal to the service connection or installation charges, or both, and the initial period charges for the service provided. The amount of the advance payment is credited to the customer's account, as applying to any future indebtedness under the Tariff.

Amendment No. _____

RULES AND REGULATIONS (Continued)

5. BILLING AND PAYMENT ARRANGEMENTS (Continued)

D. Deposits

The Telephone Cooperative may, in order to safeguard its interests, require an applicant or a customer to make a suitable deposit to be held by the Telephone Cooperative as a guarantee of the payment of charges. The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Telephone Cooperative's regulations as to the prompt payment of bills on presentation. The deposit shall not exceed an amount estimated to equal the charges for one month's exchange service and for two month's estimated toll service. The Telephone Cooperative will pay interest pursuant to S.PSC 165.051(5), Wis. Adm. Code, at the rates set by the commission on all deposits held for more than 30 days. Interest applies to the amount of the deposit and to all interest earned in previous calendar year(s).

If a deposit is held for only a portion of a calendar year, interest is paid only for that portion. Deposits are held for a minimum of twelve months and are paid back. Thereafter, if the monthly billings have been paid for those consecutive eight months, on time, without receiving a reminder mailed on the 20th of each month.

6. APPLICATION OF BUSINESS AND RESIDENCE RATES

Although the location at which a customer's telephone service is established or the type of directory listing desired may in most cases serve as a satisfactory basis for determining whether business or residence rates apply, determination whether such service should be classified as business or residence depends on the character of use to be made of the service.

A. Business Rates

Service is classified and charged for as business service at all locations where the use is primarily or substantially of a business, professional, institutional or occupational nature, or where a business listing is furnished.

6. APPLICATION OF BUSINESS AND RESIDENCE RATES (Continued)

B. Residence Rates

Service is classified and charged for as residence service where the primary use is of a social or domestic nature and where the business use, if any, is merely incidental.

When it is determined that a customer to residence service is using the service in such a manner that it should be classified and charged for as business service under the above provisions, the Telephone Cooperative will discontinue the service of such customer in the event he refuses to permit his service to be classified as business service and pay the applicable business rates.

7. OVER-TIME WORK OR WORK PERFORMED OUTSIDE REGULAR WORKING HOURS

The rates and charges specified in the various sections of this Tariff and in the other Tariffs of this Cooperative contemplate that all work on the customer's premises be performed during regular working hours and that such work, once begun, will not be interrupted by the customer. If a customer requests that such work be performed outside of regular working hours, either to meet his convenience or because the time allowed is insufficient to permit completion during regular working hours, or interrupts such work which has begun, the customer may be required to bear any additional costs incurred.

8. SPECIAL SERVICE ARRANGEMENTS

Special Service Arrangements for which provision is not otherwise made in these tariffs, are furnished whenever practicable, if in connection with and not detrimental to any of the services furnished by the Telephone Cooperative under these tariffs, at charges based on cost when such special services are to meet the unique requirements of a small number of customers.

RULES AND REGULATIONS (Continued)

9. NETWORK INTERFACE DEVICE (NID)

NID is intended to serve as a delineation between Telephone Cooperative facilities and customer provided wiring and equipment. The NID is provided by the Cooperative, at no charge, as part of local service. The Telephone Cooperative shall install a NID at any premises not already equipped with a NID during any new service connections or any non-emergency premise visit.

10. DIRECTORIES

A. Ownership and Use

Telephone directories distributed by the Telephone Cooperative remain the property of the Telephone Cooperative, and shall be surrendered upon request or upon delivery of the subsequent issue.

B. Distribution

The Telephone Cooperative will revise and distribute directories annually, except for special cases allowed by the P.S.C.W. when the number of changes and new listings do not warrant such action. When an abnormally large number of changes and new listings occur a shorter interval may be used. Directories will be distributed without charge for each local access line. Additional directories will be furnished at the discretion of the Telephone Cooperative and a reasonable charge may apply. A copy of each new directory will be filed with the PSCW.

C. Listings

The Telephone Cooperative will, where practicable, include all listings for a local calling area within a single volume. When such listings are not furnished, information will be provided in the directory as to the method of obtaining these listings.

10. DIRECTORIES (Continued)

D. Cover Information

The directory front cover will be printed to include:

- 1) The Telephone Cooperative name;
- 2) exchange or exchanges included in the directory;
- 3) month and year issued;
- 4) area code; and
- 5) common governmental emergency numbers (on inner or outer face).

E. Prominently Displayed Directory Information

The following will be prominently displayed on front information pages:

- 1) The warning to party line subscribers, as required by Section 941.35, Wisconsin Statutes;
- 2) a warning that nuisance calls are prohibited by Section 947.01, Wisconsin Statutes;
- 3) a list of extended community calling areas;
- 4) repair service number; and
- 5) pertinent instructions for the use of local, extended community calling, and toll service.

11. TELEPHONE NUMBERS

The customer has no property right in the telephone number which is assigned by the Telephone Cooperative, nor any right to continuance of service through any particular central office, and the Telephone Cooperative reserves the right to change the telephone number or the central office designation, or both, of the customer whenever it deems it necessary to do so in the conduct of its business.

12. CONSTRUCTION CHARGES

All rates and charges quoted in this tariff provide for the furnishing of service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the service does not warrant the Telephone Cooperative assuming the unusual costs of providing the necessary construction, the customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case.

RULES AND REGULATIONS

RESALE OF TELECOMMUNICATIONS SERVICES AT RETAIL RATES

(N)

A. GENERAL

1. The Cooperative will not prohibit, and will not impose unreasonable or discriminatory conditions or limitations, on the resale of regulated Telecommunications Services at retail rates and/or charges.
2. Telecommunications Services shall be available for resale in each serving exchange area wherever the requested Telecommunications Service is offered, subject to the availability of the service(s) and existing facilities.
3. Upon purchasing Telecommunications Services for resale, the Customer of Record agrees to resell these services in accordance with rates, charges, rules and regulations applicable in the Cooperative's tariff. All services purchased for resale may only be resold consistent with the terms and conditions provided to the Cooperative's end user Customers.

B. DEFINITIONS

1. Cooperative

Cooperative is synonymous with Marquette-Adams Telephone Cooperative, Inc.

2. Customer of Record

The Customer of Record, as used within this section of the tariff, shall mean the party of a resale arrangement which contracts directly with the Cooperative for the Telecommunications Services to be resold to End User Clients.

(N)

B. DEFINITIONS (Cont'd)

3. End User Clients

End User Clients as used within this section of the tariff shall mean the party of a resale arrangement which contracts with a Customer of Record for Telecommunications Services resold pursuant to the provision of this tariff.

4. Exchange Serving Area

The Exchange Service Area is the geographic area served by an exchange, as outlined by an Exchange Area Boundary Map, established for the administration of Telecommunications Services. It consists of one or more central offices and the associated plant used in furnishing Telecommunications Services within the geographic area.

5. Resale

Resale occurs when the Customer of Record subscribes to a Telecommunications Service for the purpose of selling such service(s) to End User Clients or another certified local service reseller for profit.

6. Telecommunications

"Telecommunications" means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received.

7. Telecommunications Service

"Telecommunications Service" means the offering of Telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

C. REGULATIONS

1. All applicable rates and charges for such service will be billed to the Customer of Record. The Cooperative will not be responsible for the manner in which the service(s) is used by the End User(s) or how the Customer of Record allocates the rates and/or charges to the End User(s).
2. The Cooperative will only accept service order activity from the Customer of Record on resale arrangements. The Cooperative will respond to repair and maintenance requests from the End User Clients of the Customer of Record, as negotiated between the Customer of Record and the Cooperative. All applicable rates and charges for repair service will be billed as negotiated between the Customer of Record and the Cooperative.
3. The rates and charges for Telecommunications Service(s) that are resold at retail rates and/or charges are specified in the appropriate section of this tariff.
4. The rules and regulations, as specified in the other sections of this tariff, are also applicable to Telecommunications Service(s) that are resold.

5. Service Charges and Installation Charges, as specified elsewhere in this tariff, are applicable to the installation, rearrangement, activation, move or change of Telecommunications Services that are resold.
6. Directory Listings for the End User Clients of Customers of Record who resell service, will be provided at the rates and/or charges as specified elsewhere in this tariff for additional Directory Listings.
7. It is the responsibility of the Customer of Record to provide information to the Cooperative about the End User Client, which is necessary for the updating of E911 or 911 databases, prior to the activation of the End User Client(s).
8. The updating of Line Information Databases will be negotiated between the Customer of Record and the Cooperative.
9. The direct provision of Telecommunications Services shall be to the Customer of Record, but nothing contained in this tariff nor the resale arrangement shall be construed to inhibit, diminish or prohibit the Cooperative from contacting End User Clients about the availability of the Cooperative's service offerings, subject to Federal Communication Commission regulations.
10. End User Clients have the option of obtaining service directly from the Cooperative at all times. The Cooperative retains its rights to fulfill its obligations as a common carrier of Telecommunications Services, pursuant to the Cooperative tariffs, the Public Service Commission of Wisconsin rules and regulations, and local and federal laws.

11. Termination of Service

a. Customer of Record Initiated Termination

It is the responsibility of the Customer of Record of the resale arrangement to negotiate service for their End User Clients in the event of the voluntary termination of service. The Cooperative must receive written notice from the Customer of Record of the resale service outlining their conversion plan of service for their End User Clients. The Cooperative must receive written notice no later than thirty (30) days prior to the planned termination of service. The Cooperative reserves the right to provide service directly to the End User Clients of the Customer of Record, at the applicable rates and charges set forth in other sections of the Cooperative's tariff, in order to maintain their continuity of Telecommunications Service.

b. Cooperative Initiated Termination

- (1) Delinquency or failure to pay for services provided to a Customer of Record of resale arrangement will result in termination of service. In the event of termination of service for non-payment, all other provisions set forth in other sections of the Cooperative tariff shall apply and the Customer of Record will be responsible for all outstanding charges. The Cooperative reserves the right to provide service directly to the End User Clients of the Customer of Record, at the applicable rates and charges set forth in other sections of the Cooperative tariff, in order to maintain their continuity of Telecommunications Services.

(2) Any services which are resold and being used in violation of the tariff will be terminated pursuant to PSC 165.052 procedures.

(3) The Customers of Record must reapply for service if their service has been terminated.

12. End User Client Reseller Selections

a. No Customer of Record shall submit or execute a change in an End User Client's selection of a provider of local exchange service except in accordance with such verification of order procedures as prescribed by the Federal Communications Commission and/or the Public Service Commission of Wisconsin.

b. For any change in an End User Client's selection of a provider of local exchange service a non-recurring charge, as specified in this section of the tariff, will be assessed to the Customer of Record.

c. If the Customer of Record requests a change in an End User Client's selection of a provider of local exchange service and the End User Client denies requesting the change, and the Customer of Record cannot substantiate the change, the Unauthorized Change Charge as specified in this section of tariff will apply to the Customer of Record.

15. Payments (Cont'd)

- e. Subject to state and federal laws, the Cooperative reserves the right to refuse an application for service made by a present or former Customer of Record who is indebted to the Cooperative for any Telecommunications Services previously furnished until such indebtedness is satisfied. In the event that service is connected for a Customer of Record who is indebted to the Cooperative for Telecommunications Services previously furnished, the service may be terminated by the Cooperative.
- f. The Customer of Record or End User Client must provide the necessary electric power where and when needed.

16. Minimum Charges

a. General

Unless otherwise stated, the minimum charge for any service is the monthly charge for that service. However, when service is disconnected in the middle of a monthly billing period (except the initial period), the Customer of Record will be charged only for the actual period of service.

The minimum charge for additional Directory Listings is the charge for the duration of the Directory in which the listing is first effected except in cases where the service is terminated by the Cooperative, in which case the charge shall be for the actual period of service.

16. Minimum Charges (Cont'd)

- b. Cancellation or Change of Application Prior to Establishment of Service

If a Customer of Record requests service and then cancels the order before the Cooperative has completed it, the Customer of Record shall pay the greater of any costs the Cooperative has already incurred in connection with the order or the normal minimum charges.

- c. Service Charges as specified elsewhere in this tariff, apply on a per End User Client order for all work or service to be provided at one time on the same premises, for the same End User Client.

- d. The Cooperative reserves the right to back-bill the Customers of Record that place unauthorized or improper orders. This charge will be based on the costs associated with correcting the error in the records and the service(s) involved.

- e. Customer of Record Change Charge

A Customer of Record Change Charge applies each time an End User Client changes Customer of Record. This charge is designed to cover administrative costs of changing the Customer of Record in the billing systems and switching systems where needed. The receiving Customer of Record is assessed this charge. This change applies when moving from one Customer of Record to another.

Customer of Record Change Charge \$20.00

19. Exemption, Suspension or Modification

The Cooperative has filed this tariff pursuant to the Public Service Commission of Wisconsin Order contained in a letter order dated May 17, 1996 for docket 05-TI-140. 47 U.S.C. 251(f) provides for the Cooperative to petition the Public Service Commission of Wisconsin for an exemption, suspension or modification of the application of 47 U.S.C. 251(b) or (c), which contain the requirements concerning resale of Telecommunications Service by the Cooperative. The filing of this tariff is not a waiver of any rights the Cooperative has to petition for an exemption, suspension or modification of the resale of Telecommunications Services or any of the terms of this tariff. This tariff is conditioned on the Cooperative's right to petition for any exemption, suspension or modification of resale of Telecommunications Service.

20. Exemption, Suspension or Modification (Continued)

The filing of this tariff is not a waiver of any rights the Cooperative may have under 47 U.S.C. 253(f) or any other rights contained in Title 47 of the United States Code. The filing of this tariff is conditioned on the Cooperative's right to ask for considerations as contemplated in 47 U.S.C. 253(f) or any other section contained in Title 47 of the United States Code.

LATE PAYMENT CHARGES**A. Residential Customers**

A late payment charge of 1.5 percent per month applies to unpaid amounts of the previous month's bill.

B. Business Customers

A late payment charge of 1.5 percent per month or \$5.00, whichever is greater, applies to unpaid amounts of the previous month's bill.

C. Regulations

- (1) The late payment charge will be carried forward and will be included in the total amount due on the current bill.
- (2) The late payment charge will not be applied to previous unpaid late payment charges.
- (3) State and federal government accounts are exempt from late payment charges.
- (4) If payment for a current bill is received by the Company before the late payment charge date, but for technical or other reasons the payment is not applied to the customer's account prior to the issuance of a subsequent bill, the customer will not be liable for that portion of any unpaid balance attributable to a late payment charge.
- (5) A customer will not be liable for any late payment charge applicable to a disputed portion of that customer's bill, so long as the customer pays the undisputed portion of the bill and enters into bona fide negotiations to resolve the dispute.

TELECOMMUNICATIONS INDIVIDUAL CONTRACTS

Pursuant to Wis. Stat. § 196.191(6), the Cooperative may, at the Cooperative's option, enter into a contract with a customer to provide any service described in this tariff and said contract may include rates, tolls, charges, and terms and conditions that are different from those set forth in this tariff for the same service.

PERIODS OF PROMOTIONAL TERMS AND PRICING

From time to time the Cooperative may establish periods of promotional offerings for its services. During these periods, the Cooperative may provide any service described in this tariff in a manner that may include rates, tolls, charges, and terms and conditions that are different from those set forth in this tariff for the same service.

PAYPHONE PROVIDER SERVICE

A. Description

1. Payphone Provider Service provides for the use of customer-provided coin operated or coinless telephones. Payphone Provider Service utilizes a voice grade business access line, Basic Coin Transmission Dial Tone Line, to connect the customer-provided equipment to the Company's central office.

B. Definitions

1. Answer Supervision - Line Side - Is an optional feature which provides the capability of determining when positive answer supervision has been returned by the terminating station. This feature is only available from central offices which have been equipped to provide this feature and may be in-compatible with other optional features.
2. Basic Coin Transmission Dial Tone Line

A network access line used to connect customer-provided coin operated or coinless telephone equipment to and from the telecommunications network.
3. Coin Collection and Return - This coin signaling is provided by the network. Coin collection occurs when a call is completed. Coin return will return the coins to the calling party when a busy signal, or no answer is encountered.
4. Coin Supervision Additive - This is an optional feature provided from central offices that are equipped to provide this feature. The feature is provided when payphone equipment connected to the Basic Coin Transmission Dial Tone Line requires central office coin supervision capability. This feature provides the capability of central office line equipment to pass signals and/or tones from the Basic Coin Transmission Dial Tone Line to a trunk terminating at the Payphone Provider's operator service provider. These signals enable the operator service provider to recognize coin deposits and coin returns to the pay telephone user. The Coin Supervision Additive feature also permits a suitably equipped operator service provider to automatically ring back the originating local exchange service line upon completion of call.
5. Company - Is the utility named above.
6. Payphone Provider - Is the customer, or the Company, that subscribes to the Payphone Provider Service.
7. Selective Class of Call Screening - This is an optional feature provided where facilities are available. This screening is provided to alert the operator services system that an originating non-sent paid operator assisted call is to be restricted to collect, calling card, or third party billing.

PAYPHONE PROVIDER SERVICE (CONTINUED)

C. Rules and Regulations

1. The Payphone Provider Service is classified as business service. It is subject to the terms, rates and conditions applicable to business service as described elsewhere in this Tariff.
2. Payphone Provider Service may be provided on a measured service basis, or a fixed rate basis. Applicable message charges are found in Section D.1.a. will apply in all exchanges equipped with appropriate central office metering equipment. A fixed rate charge as found in Section D.1, following, will apply in all exchanges not equipped with metering equipment.
3. The maximum of one payphone instrument may be connected to one Basic Coin Transmission Dial Tone Line. Extensions to this line are not permitted. A Payphone Provider must use a separate line for each payphone instrument installed and will be billed the tariffed rate for each line. Off-premise extensions are not permitted.
4. Directory listings may be provided under the regulations which provide for the furnishing of listings for business service.
5. Directories will be provided to the Payphone Provider on the same basis as business access lines.
6. The Company shall not be liable for shortages of coins deposited and/or collected from the Payphone Provider's payphone instrument.
7. The Company shall not be liable for end-user fraud of any nature occurring at, or in association with, the Payphone Provider's payphone equipment.
8. Responsibility of the Payphone Provider
 - a. The Payphone Provider is responsible for the installation, operation and maintenance of the customer-provided instrument and any associated equipment such as booths, shelves, directories and any other ancillary equipment. The Payphone Provider is responsible for complying with the requirements of the Americans with Disabilities Act. The Payphone Provider is responsible for providing terminal equipment that is hearing aid compatible and meets all standards for handicapped users as required by law, including height restrictions.
 - b. It is the responsibility of the Payphone Provider to insure its terminating equipment is properly equipped if it desires the optional feature, Coin Supervision Additive.

PAYPHONE PROVIDER SERVICE (CONTINUED)

C. Rules and Regulations (Continued)

8. Responsibility of the Payphone Provider (Continued)

- c. The Payphone Provider is responsible for the payment of all charges originating, or accepted at this service, incurred through the use of the Basic Coin Transmission Dial Tone Line including local messages, toll messages, and calls to directory assistance. The Payphone Provider is responsible for any federal, state, or local taxes on the customer-provided payphone, or on calls made from that payphone.
- d. The customer-provided payphone must be registered in compliance with Part 68 of the FCC's Registration program.
- e. The Payphone Provider is responsible for providing at no charge to the caller and without depositing coins;
 - 1. Access to dial tone,
 - 2. Access to 911 emergency services,
 - 3. Access to operators,
 - 4. Access to 800 numbers,
 - 5. Access to 10XXX numbers, and
 - 6. Access to telecommunications relay service calls for the hearing disabled.
- f. The Payphone Provider is responsible for posting and prominently displaying all information required by the Federal Communications Commission, or the Wisconsin Public Service Commission.
- g. The Payphone Provider is responsible for compliance with the Rules and Regulations of the Wisconsin Public Service Commission, or the Federal Communications Commission related to payphone service and equipment.
- h. Disconnection of Payphone Provider Service due to a violation of the tariff will be pursuant to the disconnection procedures found in Chapter PSC 165.052, Wis. Adm. Code, or its successor chapter.

Amendment No. 1EXTENDED COMMUNITY CALLING SERVICE

Extended Community Calling (ECC) Service provides for the completion of local messages between a customer located in an Exchange operated by the Cooperative and customers located in different Exchanges in accordance with the regulations and rates set forth in the following:

A. SCOPE OF THE ECC AREA

1. Standard ECC Area

- a. The ECC area for a Cooperative Exchange consists of all other Exchanges within the State of Wisconsin within the same LATA, including those of other Local Exchange Companies, not included in the Extended Area Service area of the Exchange, that are either adjacent to the Exchange or are within 15 airline miles of the Exchange.
- b. ECC is provided from the following exchanges to the listed ECC calling point.

<u>Exchange</u>	<u>ECC Calling Points</u>
Brooks	Adams Lyndon Station Wisconsin Dells Westfield Briggsville
Oxford	Montello Wisconsin Dells Westfield Briggsville
Endeavor	Montello Wisconsin Dells Pardeeville Westfield Briggsville
Packwaukee	Westfield Briggsville

Utility Name

Marquette-Adams Telephone Cooperative, Inc.

EXTENDED COMMUNITY CALLING SERVICE (Continued)

B. ECC Service is not available for WATS and 800 Services.

C. RATES FOR ECC MESSAGES

1. Basic Rates

Rates for ECC Messages consist of a charge per minute on LMS lines. The per minute charge applies for each minute with a fraction of a minute being charged as a full minute of call duration. Call duration begins when the connection is established between the calling telephone and the called telephone.

(R)

Call duration ends when the calling telephone “hangs up” thereby releasing the network connection. If the called telephone “hangs up” but the calling telephone does not, call duration ends when the network connection is released either by automatic timing equipment in the telephone network or by the Operator. ECC per minute rates are shown as follows:

a. ECC Message Rates

Per minute or fraction thereof

Residence Service \$0.05

Business Service \$0.05

2. Operator Assisted ECC Calls

Where an ECC call is completed utilizing the assistance of an operator or operator services capability, in addition to the charges specified in 1., above, Operator Assisted Service Charges apply as specified in Section 6 of the Wisconsin Bell, Inc. tariff, P.S.C. of W.1.

CENTRAL OFFICE OPTIONAL FEATURES

CUSTOM CALLING SERVICES

A. DESCRIPTION

Custom Calling Services are basic exchange telecommunications services that consist of one or more of the optional service features.

B. FEATURE DESCRIPTIONS

1. Call Forwarding (Variable)

An arrangement whereby incoming calls may be transferred to another telephone number by dialing a code and the telephone number of the service to which calls are to be transferred. The activation/deactivation of this feature is controlled by the Customer (variable). Calls forwarded by this feature are subject to all applicable local and long distance charges. These calls are also subject to transmission limitations.

2. Call Forward Busy

An optional residence feature that automatically forwards incoming calls to the second line when the first line is busy. The Customer must designate which line is the primary line and which line is the secondary line. Incoming calls can only be forwarded from the primary line to the secondary line.

3. Call Forwarding Remote Access

An arrangement that allows the Customer to activate or deactivate Call Forwarding from a telephone at a remote location.

CENTRAL OFFICE OPTIONAL FEATURES (Continued)**CUSTOM CALLING SERVICES (Cont'd)****B. FEATURE DESCRIPTIONS (Cont'd)****4. Call Waiting/Cancel Call Waiting**

A Customer who is using an exchange line arranged for Call Waiting is alerted, by means of a tone signal, when another caller is trying to reach that line. Depressing the receiver switchhook will "hold" the first call so that the waiting call can be answered. Alternation between calls is accomplished by depressing the receive switchhook. Cancel Call Waiting permits the customer to cancel Call Waiting before or during a telephone call. Call Waiting will be restored when the call is terminated. A Customer must have Three-Way Calling or Call Transfer to activate Cancel Call Waiting during a call.

5. Speed Calling

Provides for the calling of a regular telephone number by dialing an abbreviated code. Two arrangements are available, either a 8-code capacity or a 30-code capacity, but not both on the same line. Up to 16 digits may be stored for each telephone number.

6. Three-Way Calling

Permits an existing call to be held and a second call to be established and added to the connection for conferencing. Conference calls made with this service are subject to some transmission limitations.

CUSTOM CALLING SERVICES (Cont'd)

C. REGULATIONS

1. Custom Calling Services are offered only to Single Line Residence and Business basic exchange service customers served by Central Offices equipped to provide such service.
2. Unless specified otherwise, Custom Calling Services are not available with Payphone Provider Service and Direct Inward Dialing (DID) Service.
3. A feature cannot be successfully activated unless both the called and calling parties are served by, and the call is routed through, appropriately equipped central offices.
4. It shall be the responsibility of the Customer to provide terminal equipment (CPE) compatible with Custom Calling Services.
5. Variations in Central Office Equipment and the activation of other Central Office features by the called and/or calling party may cause differences in the operation of Custom Calling Features.
6. Custom Calling Service for Customers with a Disability
 - a. Customers with a certified disability who require one or more Custom Calling features in order to receive telephone service that is comparable to essential telephone service provided to other customers, shall receive that Custom Calling Service(s) at no charge/rate.

3. Call Wake-Up

An arrangement that allows the Customer to program his/her telephone(s) to ring at a predetermined time.

4. Personal Ringing

An arrangement that allows up to three telephone numbers to be assigned to one Network Access Line, each with its own unique ring and call waiting tone for identifying incoming calls.

5. Warm Line

An arrangement that automatically dials a pre-designated exchange telephone number when the customer's Network Access Line is taken off-hook and dialing does not commence within a specified interval of seconds.

6. Repeat Dialing

Automatically re-dials the last outgoing number dialed, whether the call was answered or not. If the called number is busy, Repeat Dialing will continue to scan the called line for an idle condition.

7. Call Return

Automatically returns the last incoming call whether or not it was answered by dialing the automatic callback code. If the number is busy, Call Return will continue to scan the called line for an idle condition.

CENTRAL OFFICE OPTIONAL FEATURES (Continued)**ADVANCED CUSTOM CALLING SERVICES (Cont'd)****B. FEATURE DESCRIPTIONS (Cont'd)****8. Call Trace**

An arrangement that allows the Customer to dial a code that prints out the telephone number of the calling party in the Cooperative's central office. Upon the Customer's request, the trace information will be provided to law enforcement agencies by the Cooperative, but will not be released directly to the Customer. By accepting the service, the Customer agrees that the Cooperative shall not be liable for damages due to an inability to trace call(s).

9. Preferred Call Forwarding

An arrangement that allows Customers to store a limited number of directory numbers in screening lists for the purpose of forwarding certain incoming calls. Calls that originate from stations whose directory numbers are contained in the screening list are forwarded. All other calls are terminated normally.

10. Call Screening

Allows the Customer to store a limited number of directory numbers in the screening lists for the purpose of rejecting certain incoming calls. When Call Screening is active, those calls that originate from stations whose directory numbers are contained in the screening list are rejected and are notified to that effect by an announcement. After receiving an offending call, the Customer can dial a special code to add the caller's number to their Call Screening List, even if the Customer does not know the calling party's phone number.

2. A feature cannot be successfully activated unless both the called and calling parties are served by, and the call is routed through, appropriately equipped offices.
3. To activate a feature, the Customer must dial a Cooperative designated code.
4. Advanced Custom Calling Service are not available with the following services:
 - a. Payphone Provider Service
 - b. Charge -A-Phone Service
 - c. Wide Area Telephone Service
5. It shall be the responsibility of the Customer to provide terminal equipment (CPE) compatible with Advanced Custom Calling Services.
6. All CPE used to interface with Caller ID is required to conform with Technical Reference Specifications as used by the Cooperative.
7. Variations in Central Office equipment and the activation of other Central Office features by the called and/or calling party may cause differences in the operation of features.

ALTERNATE ANSWERING SERVICE

A. DESCRIPTION

Alternate Answering Service is an optional service that automatically transfers incoming calls that encounter a don't answer condition after a predetermined number of rings to a designated exchange telephone number or Direct Inward Dialing Service (DID) Station Number.

B. REGULATIONS

1. Alternate Answering Service may be provided intraoffice, interoffice, or to a Direct Inward Dialing Service (DID) Station Number, where central office capacity and facilities permit.
2. Alternate Answering Service is offered only in association with Single Line Basic Exchange Service and, unless specified otherwise, Business Trunk Service.
3. The Alternate Answering Service customer is responsible for applicable local messages or Toll Charges as specified elsewhere in this tariff for calls that are transferred from the incoming called number to the designated telephone number.
4. The Cooperative does not guarantee the grade of transmission on calls that are transferred from the incoming called number to the designated telephone number because of distance/or routing that may be used to complete the call.
5. Alternate Answering Service is provided on the condition that the facilities at the designated exchange telephone number location are adequate to handle calls without interfering with or impairing any services offered by the Cooperative.

BUSY LINE TRANSFER SERVICE

A. DESCRIPTION

Busy Line Transfer Service is an optional service that automatically transfers incoming calls to an alternate designated exchange telephone number or Direct Inward Dialing Service (DID) Station Number when the called telephone number is busy.

B. REGULATIONS

1. Busy Line Transfer Service may be provided intraoffice, interoffice, or to a Direct Inward Dialing Service (DID) Station Number, where central office capacity and facilities permit.
2. Busy Line Transfer Service is offered only in association with Single Line Basic Exchange Service and, unless specified otherwise, Business Trunk Service.
3. The Busy Line Transfer Service customer is responsible for applicable local messages or Toll Charges as specified elsewhere in this tariff for calls that are transferred from the incoming called number to the alternate designated telephone number.
4. The Cooperative does not guarantee the grade of transmission on calls that are transferred from the incoming called number to the designated telephone number because of distance and/or routing that may be used to complete the call.
5. When Busy Line Transfer Service and Call Waiting Service are provided on an Exchange Access Line, Call Waiting Service takes precedence unless the Call Waiting Cancel feature is activated.

CALL CONTROL SERVICE (CCS)

A. DESCRIPTION

1. Call Control (CCS) is an optional feature that allows single line residence and single line business service Customers, that have restricted their Network Access Line from placing toll calls, the capability to over-ride the toll restriction on a per call basis by using an authorization code.
2. Call Control Service (CCS) provides for the toll restriction of all toll calls (1+, 0+, 0-, 950, 101XXX, 011+, 900/976 and 700) and Extended Community Calling (ECC) calls. Calls will be allowed to complete to 911.
3. To over-ride the toll restriction, the Customer dials a predetermined activation code and a Personal Identification Number (PIN), waits for a second dial tone and then dials the toll telephone number.
4. When a toll call is attempted without the PIN, the caller will hear a second dial tone or Cooperative recorded announcement.

DIRECTORY LISTINGS

1. GENERAL

- A. One primary listing which will include the name, address, and telephone number of the individual, organization, firm or corporation for whom the service has been contracted, will be furnished at no charge.
- B. Listings must conform to the Telephone Cooperative's specifications.
- C. The length of a listing may be limited by the use of abbreviations where the clarity of the listing and the identification of the customer will not be impaired.
- D. An additional listing must include the same address and telephone number as the primary listing except that a different address may be shown for an extension station located on premises occupied solely by the customer, but at an address different from the main station or switchboard.
- E. Additional listings may be furnished with residence service for members of the customer's domestic establishment who occupy the same premises.
- F. Business additional listings are not permitted in conjunction with residence service.
- G. A foreign listing may be furnished customers requesting that their listing be included in a directory for another exchange. The rate for a foreign listing will be the rate of the company in whose directory the listing appears.
- H. An alternate call listing refers a calling party to certain other telephone numbers after business hours if there is no answer on the first listed number.
- I. Where the alternate call number is that of another customer, the listing will be furnished only with written approval of the other customer.

DIRECTORY LISTINGS (Continued)

1. GENERAL (Continued)

J. Semi-private and private telephone number service:

1. General

At the request of the customer, a listing or listings (including name, address and telephone number) may be omitted or deleted from the telephone directory. The divulgence of the customer's telephone number to the public is dependent upon the type of service provided as follows:

a) Semi-private telephone number service:

The customer listing is omitted or deleted from the telephone directory, but such listings will be carried in the Telephone Cooperative Information records, and the number will be given to any calling party upon request. The telephone number is subject to display on a call-by-call basis at a Public Safety Answering point with Enhanced 911 service and may be forwarded to subscribers (called parties) of Caller ID Service.

b) Private telephone number service:

The customer listing is omitted or deleted from the telephone directory. Only the name and address of the customer will be carried in the Telephone Cooperative Information records, and the number will not be given to any calling party. The telephone number is subject to display on a call-by-call basis at a Public Safety Answering point with Enhanced 911 service and may be forwarded to subscribers (called parties) of Caller ID Service.

The initial service period is one month.

CUSTOM CALLING SERVICES (Continued)

I. Automatic Announcement Services

A. General

1. The Telephone Cooperative will provide, under this portion of this tariff, automatic announcement service to enable a customer to furnish pre-recorded announcements involving limited interest information including advertising identification.
2. This Automatic Announcement Service is provided by way of the Autochron equipment located in the DCO and is a part of the DCO.
3. Where Automatic Announcement Services are associated with local exchange telephone services, identities of customers and their addresses will be furnished to all persons requesting such information, provided that the inquiring parties specifically identify the telephone numbers for which customer's names and addresses are desired.

B. Rates

1. Since requirements for this kind of service vary considerably, equipment suitable for this service may include apparatus at filed rates where applicable or at charges based on cost. Announcement lines are furnished at rates and charges for business individual lines.
2. Automatic Answering Equipment:

VOICE MAIL SERVICE

A. DESCRIPTION

1. Voice Mail Service is an optional service that provides telephone answering and message retrieval service.
2. Voice Mail Service automatically answers incoming calls when the called number is busy or the called number is not answered. An audible message waiting indication or visual indication (where available) on a customer provided device, informs the Customer that there are new messages.
3. The Customer can retrieve messages from the Voice Mail Service by dialing the appropriate number from any touch-tone telephone and entering a programmable security code.
4. Voice Mail Service is normally used in conjunction with the optional features: Alternate Answering Service, Busy Line Transfer Service and Message Waiting Tone Service. These optional features are specified elsewhere in this tariff.

VOICE MAIL SERVICE (Cont'd)

B. FEATURE DESCRIPTIONS

1. Personalized Greeting

Incoming calls to Voice Mail Service will receive the Customer's personalized greeting informing them the called party is unavailable and asking them to leave a message, or any other type message or instructions that may have been pre-recorded into the Voice Mail Service. The greeting can be changed by entering the proper codes from any touch-tone telephone.

2. Message Length

The length of time allowed for each message.

3. Maximum Messages

The maximum number of messages allowed in a Voice Mail system user's queue.

4. Message Retention Period

The number of days new messages and saved messages will be saved in the Voice Mail mailbox.

5. Time and Date Stamp

An arrangement that provides notification, time and date, of when messages are recorded in the mailbox.

MAQSPEED SERVICE (MS)

A. DESCRIPTION

1. Maqspeed Service (MS) is a Service that provides digital connectivity to a high-speed data link(s) to an Internet Service Provider (ISP).
2. Maqspeed Service (MS) is provided by utilizing Asymmetric Digital Subscriber (ADSL) technology. ADSL is a network technology that utilizes single line service and special routers and modems to provide high-speed data access.
3. Maqspeed Service (MS) consists of central office equipment or Internet router, (a Digital Subscriber Line Access Multiplexer (DSLAM)) and existing copper facilities extended from the Cooperative's central office to the Customer's premises.
4. Maqspeed Service (MS) high speed data access is for data only. Voice transmission is prohibited.
5. Maqspeed Service (MS) is asymmetrical in that more bandwidth is delivered downstream to the Customer than is delivered from the Customer back to the network.

B. REGULATIONS

1. Provision of Service
 - a. In order to receive MS, the end user Customer (Customer) must subscribe to the Cooperative's local exchange service as specified in Section 1 of this Tariff. The Cooperative will automatically disconnect MS when the associated local exchange service, network access line, is disconnected for any reason.

1. Provision of Service (Cont'd)

- b. The Cooperative will qualify the MS Service between the Cooperative's central office and the Customer's premises. The purpose of the qualification is to determine the availability and suitability of existing Cooperative copper facilities to provide this service. The Cooperative will not provision MS Service on facilities that are not suitable for Service.
- c. The Cooperative does not undertake to originate data, but offers the use of its service components, where available, to ISPs for the purpose of transporting Customer-originated data.
- d. MS Service may be provided subject to availability and limitations of Cooperative's central office and outside plant facilities and is only available where technical capabilities permit.
- e. The Cooperative will not provision MS Service if the Cooperative reasonably determines that it is not technically feasible over existing facilities or that it will cause interference problems with existing service.
- f. During the Cooperative's network maintenance and software updates period(s), it may be necessary to place the MS Service out of service. The Cooperative also reserves the right to temporarily interrupt MS Service at other times in emergency situations.
- g. The ISP will be responsible to provision all services needed to connect to the high speed data circuit at the Cooperative's DSLAM.

III. Joint User Service

A. General

1. Joint user service is an arrangement whereby a person or firm, whose telephone needs are not such as to justify the provision of separate telephone service, is permitted to use the service of an existing customer. To facilitate this use, a listing in the alphabetical section of the directory is provided for each joint user. This service is not designed to meet situations where a customer is engaged in furnishing service of a secretarial nature or is in the business of renting office space to transient or permanent tenants and desires to furnish telephone service to his leases.
2. The joint user must be located in the same office or suite of offices or in offices immediately adjacent to and connected with the office of the subscriber and must be so located as to be accessible to the telephone to be used. Joint use of hotel service is not furnished for persons or firms occupying stores, shops, or offices in transient or family hotels.
3. All arrangements of joint user service must be made by the subscriber who is held responsible for all charges for service including those incurred by the joint user.
4. Not more than one joint user is permitted for each individual line or P.B.X. trunk and not more than two joint users are permitted per customer service at any given location.
5. The charges for joint user service date from the day the information records are posted.
6. Joint user service is restricted to business customers.

B. Rates

1. The following are the monthly rates for joint user services:

40% of applicable monthly business rates

TEMPORARY SUSPENSION – SEASONAL OR VACATION RATE SERVICE**I. General**

- A. Upon request, local exchange telephone service may be temporarily suspended. Service temporarily suspended enables a customer to continue a listing in the directory, reserve his telephone number and plant facilities for future use, and avoid encumbrance of a service connection charge at the time service is activated. Temporary suspension of service offers a customer reduced rates for periods where service is not needed, such as inactive seasonal periods or times a customer leaves on vacation.
1. Service may be suspended temporarily prior to the expiration of the initial service period; however, the rate which applies for suspension shall not reduce the total charges applicable to the initial 30 day minimum service period.
 2. Temporary suspension of service is not available to foreign exchange service, cable carrying charges in lieu of mileage charges, certain portions of PBX services, or during any service period required by a contract between the utility and the customer.
 3. The minimum period of temporary suspension is one (1) month.
 4. The maximum period of temporary suspension is six (6) months in each annual period.
 5. Temporary suspension – seasonal service is provided for a 1 – year period beginning with the date service is first established and may be renewed annually by the customer.
 6. Temporary suspension of service does not contemplate suspension of a part of the service, such as suspending incoming calls only. Should a customer use the telephone service during a monthly billing cycle in which service is temporarily suspended, the customer will be billed the full rate for the month in which the telephone usage occurred.

TEMPORARY SUSPENSION – SEASONAL OR VACATION RATE SERVICE (Continued)**B. Temporary Suspension of Entire Service**

1. A customer of local business or residence service may temporarily suspend the entire service furnished. The rate during the period of suspension for business and residence shall be \$10.00 per month.
 - a. Temporary suspension of entire service does not apply to semi-public pay stations.
2. The customer is entitled to one restoral of service annually without charge. The second occurrence on an annual basis will be billed at the applicable service connection charges.

(R)

C. Temporary Suspension of a portion of Business Service

1. A customer for private branch exchange service, but not button telephone service, may suspend a portion of the service furnished. Such suspension is applicable only to such positions, turrets, trunks, telephones, telephone lines and auxiliary telephone equipment as can be temporarily suspended without suspension of the entire service.
2. The rate to be charged during the period of suspension shall be \$10.00 for the service and facilities suspended.

D. Billing

1. Temporary suspension – seasonal service customers will be billed monthly at the full rate for a minimum of six (6) months, and at the reduced rate for up to six (6) months.
2. Temporary suspension – vacation-rate customers will be billed at the reduced rate for the period of time service is suspended. A maximum of six (6) months vacation service may be obtained in an annual period.
3. Temporary suspension – state and federal regulatory taxes, surcharges and fees are not applied to any suspended services, during periods of seasonal or vacation rate service suspensions, unless required by state or federal regulations.

SPECIAL SERVICE ARRANGEMENTS

A. General

1. If a customer's requirements cannot be met by regular service arrangements or collections for service, the Telephone Cooperative will provide, where practical, special service arrangements at charges equal to the estimated cost of furnishing such facilities, products or actions to accommodate a customer. These special service arrangements are payable in advance and will be provided if the provision of such arrangements is not detrimental to any other services furnished by the Telephone Cooperative.
2. The Telephone Cooperative may require any large business customer or any consequence such as professional, institutional, correctional or occupational in nature to make an advanced payment before service is rendered equal to the service charges, the initial period charges and subsequent periods to derive for the service requested.
3. Where the customer's business is of a hazardous nature or the customer is attempting to receive service with intent not to pay for same the Telephone Cooperative will adjust and bill the customer on other than a monthly basis with a corresponding advanced payment that is required before services will be rendered.

B. Rates and charges

1. Rates for special service arrangements are equivalent to the estimated costs, payable in advance, of furnishing the special service arrangements.
2. Estimated costs, which consist of an estimate of the total cost to the Telephone Cooperative of providing the special service arrangement, may include the following:
 - a. cost of the product;
 - b. cost of maintenance;
 - c. cost of operation;

Sheet No. 11
Amendment No. _____SPECIAL COLLECT TOLL SERVICE

A. General

1. Special collect toll service is an arrangement whereby charges for toll messages will be automatically reversed to the called customer without specific request of the calling party.
2. The Telephone Cooperative assigns a special call number designation for the use of customers in each exchange in which the service is to be furnished. Directory listings in the alphabetical and classified sections is provided without charge for each such exchange.
3. Calls for the special number designation are accepted only when originated at telephones located in the exchange to which the special number has been assigned and only those toll calls placed by calling the special number are considered as coming within the scope of the service.
4. Customers contracting for the special collect toll service assume all charges for completed calls made to their special numbers.

B. Rates

1. Each completed call is charged for at the established rate for a completed sent-paid station-to-station call.
2. In addition, a monthly service charge of \$4.00 applies for each exchange in which the service is furnished.
3. Additional directory listings are available at rates covering this service specified in this tariff.

DIRECT INWARD DIALING SERVICE (DID)

A. Conditions

1. The service is furnished subject to the availability of Central Office facilities and compatibility of PBX facilities.
2. The service includes central office switching equipment for indialing from the exchange and toll network directly to stations associated with customer premises located switching equipment.
3. The service must be provided on all lines in a trunk group arranged for inward service.
4. The rates herein contemplate the use of standard telephone company equipment and serving arrangements and are in addition to rates and charges for the service with which it is furnished. When equipment or service of a special type is requested and provided, rates and charges are related to the costs involved to meet the individual requirements of each case.
5. Operational characteristics of interface signals between the telephone company provided connecting arrangements and the customer provided switching equipment must conform to the rules and regulations the telephone company considers necessary to maintain proper standards of service.
6. The telephone company shall not be responsible to the customer or authorized user or joint user if changes in protection criteria or in any of the facilities, operations or procedures of the telephone company render any facilities provided by a customer, authorized user or joint obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.
7. Directory listings will be provided in accordance with the regulations of the "Directory Listings" section of this tariff. DID numbers furnished herein are not entitled to free directory listings.

CALL BLOCKING SERVICE

CALL BLOCKING SERVICE

A. DESCRIPTION

1. Call Blocking Service is an optional service which provides customers with the capability to block originating long distance calls, originating 900 and 976 calls and originating Extended Community Calling (ECC) Calls.
2. Originating calls will be allowed to be completed to 911. In exchanges not served by 911, originating calls to 0- will be completed by an operator to emergency services such as fire, emergency medical services, law enforcement, and poison center telephone numbers.
3. Originating blocked calls will reach a Telephone Cooperative-provided intercept announcement.
4. Customers can elect any or all of the following Call Blocking Service Options:

Option 1

Blocks originating one plus (1+) long distance calls including 10XXX, international (011+) calls, and Directory Assistance (DA) calls.

Examples of Option 1 blocked calls are:

- 1 + NPA + XXX-XXX
- 1 + XXX-XXXX
- 5 Digit Carrier Access Code + 1 + NPA + XXX-XXXX
- 5 Digit Carrier Access Code + 1 + XXX- XXXX
- 1 + 555-1212
- 1 + NPA + 555-1212

DIGITAL TRANSPORT SERVICE (DTS)

(N)

A. DESCRIPTION

1. Digital Transport Service (DTS) provides voice grade service from the serving Central Office to a customer's premises. DTS consists of a digital interface, located in the Cooperative's Central Office that is connected to a DS1 facility (1.544 Mbps) that terminates on the Customer's premises. DTS supports Direct Inward Dialing (DID) Service and Direct Outward Dialing (DOD).
2. Clear Channel capability is an optional feature of DTS.

B. REGULATIONS

1. Digital Transport Service (DTS) is offered from Central Offices where the Cooperative has arranged facilities for such service.
2. Digital Transport Service is comprised of the following three elements:
 - (1) Digital Interface
 - (2) Trunk Terminations
 - (3) DS1 Facility
3. All signals generated by Network Channel Terminations Equipment (NCTE) must comply with the signal and format constraints contained in Bell Communications Research Publications TR-NPL-000054.
4. Availability and functionality of DTS may vary by serving Central Office and switch type. The Cooperative will determine whether DTS can be provisioned with the customer's equipment.

TOLL AND FOREIGN EXCHANGE SERVICES

I. Foreign Exchange Service

A. General

1. Definition

Foreign exchange service is a telephone service furnished a customer prior to January 12, 1984, from an exchange other than the one from which he would normally be served.

(T)
(T)

2. Undertaking to Serve

- a. Foreign Exchange Service is not in accord with the general plan for furnishing telephone service, and such service is provided where suitable facilities are available or can readily be made available.
- b. Foreign Exchange Service will not be provided when impairment of the service furnished to the general public may result, now when facilities are not readily available.
- c. In the case of a multi-office exchange, the central office from which foreign exchange service is provided will be determined by the Telephone Cooperative on the basis of the facility condition.
- d. Should the Foreign Exchange be operated by another telephone company, Foreign Exchange Service will be provided only when arrangements can be made with the connecting company to provide its portion of the circuit. Such arrangements must be satisfactory to the Marquette-Adams Telephone Cooperative, Inc.

e. This service is limited to the customer and his employees for business purposes; and in case of residence service, to the members of his household. Use of this service by others to avoid payment of toll charges will be sufficient cause for the discontinuance of the service by the Telephone Cooperative. Prior to the discontinuance of the service, the Telephone Cooperative will give the customer five days written notice of their intention to discontinue such service.

f. Foreign Exchange Service is available subject to the regulations of Paragraph C-3, except in the case of non-contiguous exchange. Where the normal local exchange and the foreign exchange are not contiguous and have no common boundary, only Business Individual Line Service and P.B.X. Trunk Service will be provided.

g. Cross-boundary foreign exchange service is prohibited between exchanges that have extended area service or extended community calling to each other. A customer who has cross-boundary foreign exchange service as of January 12, 1984, is exempted from this prohibition at his/her present location as long as that customer continuously maintains the service.

(D)

(D)

(N)

B. Establishment of Service

1. All negotiations for the establishment of Foreign Exchange Service will be carried on by the prospective customer with the business office of the normal local exchange.

- a. Foreign exchange customers are required to pay for all construction necessary from their premises to the exchange boundary of the serving central office.
- b. A service establishment charge for cross-boundary foreign exchange service of \$50 per exchange is required. This is in addition to applicable multi-element service charges and appropriate construction charges.

D. For all other customers, the monthly rate is the sum of the following:

1. Interexchange Channel, per mile or major fraction thereof - \$4.00
Mileage is measured air line between exchange toll offices.
2. Local Channel, first ¼ mile - \$3.00, each additional ¼ mile - \$0.75.
Mileage is measure air line from the principle central office (toll office) to the customers' premises.
3. Such foreign exchange service is furnished only on an individual line or PBX trunk basis.

CALL BLOCKING SERVICES

1. 900, 976 AND 700 Call Blocking Services:

A. Description

900, 976 and 700 Call Blocking Service is an optional service which provides customers with the option to request blocking originating calls to the 1-900, 1-976, and 1-700 calling networks. With 900, 976, and 700 Call Blocking Service, all originating calls to 900, 976 and 700 numbers nationwide will be blocked. Customers subscribing to 900, 976 and 700 Call Blocking Service attempting to dial a 900, 976 or 700 number from a restricted line will reach a Cooperative-provided intercept announcement.

B. Regulations

1. 900, 976 and 700 Call Blocking Service is available only on direct dialed calls.
2. 900, 976 and 700 Call Blocking Service is available on single party residence and business lines.
3. 900, 976 and 700 Call Blocking Service may be cancelled at any time without charge.

C. Rates and Charges

900, 976 and 700 Call Blocking Service rates and charges are in addition to any applicable rates and charges already provided for in other sections of this tariff.

900, 976 and 700 Call Blocking
Service, each line

Install Charge

*NOTE
1 or 2

*NOTE 1: Subsequent Service Order and Central Office work charges apply for 900, 976 and 700 Call Blocking Service.

*NOTE 2: This charge does not apply to new or move orders, or to regrades of service, or to customers subscribing to 900, 976 and 700 Call Blocking service for the first time.

Access Service Concurrence

This telephone utility concurs in the Access Service Tariff and all future modifications filed by the Wisconsin State Telephone Association and approved by the Wisconsin Public Service Commission except where a nonconcurrence is filed or provisions of the tariff where this telephone utility does not concur as set forth below.

The telephone utility does not concur in any section of the tariff that requires the utility to furnish services or facilities which it does not have or where the furnishing of such services or facilities impair or interfere with the provision of services to the telephone utility's end users.

If any provision of said tariff is in conflict with any order, tariff or rule of the Public Service Commission on billing, deposits or disconnections or any other order or rule of the Public Service Commission, that order or rule supersedes this tariff.

The Telephone Cooperative specifically does not concur in the following sections of the tariff:

BELL CHANNEL SERVICE CONCURRENCE

1. The Telephone Cooperative, concurs in the rates and regulations governing Bell Channel Services as filed by Ameritech with the Public Service Commission of Wisconsin.
2. The Telephone Cooperative extends this concurrence to any and all changes which may be made subsequent to this date by Ameritech.
3. The Telephone Cooperative, hereby expressly reserves the right to cancel and make void this concurrence at any and at such time as it appears that such cancellation is to the best interest of the Telephone Cooperative, subject to such directives of the Public Service Commission of Wisconsin as apply to such cancellation.
